The Settings Page gives you access to your user profile, security and alerts, account set-up, and mobile banking devices.

The screenshot shows the Nashville Post Office Credit Union website at the URL <https://npocu-dn.financial-net.com/web/Settings>. The page features the Nashville Post Office Credit Union logo at the top left and navigation links for Mobile, Settings, and Log Off at the top right. The main content area is titled 'Security and Alerts' and includes sections for Security Questions, Alerts, and Travel Notification. The 'Travel Notification' section is circled in red and contains the text: 'To reduce the chance that your cards are blocked or flagged for unusual activity.' Below this is an 'Accounts' section.

**One of the most used services on our Home Banking is the Travel Notification service. This service allows members to notify us of their travel plans so their cards can be adjusted for the travel location. It is located under the Security and Alert Tab.**
